

Indian Institute of Technology, Gandhinagar
and
Archaeological Survey of India

Workshop on Archaeo-metallurgy and Archaeology

Date: 8 - 9 December 2014

Venue: IIT, Gandhinagar

A two-day workshop will be jointly organised by the Archaeological Sciences Centre, IITGN and Archaeological Survey of India (ASI) on “Archaeometallurgy and Archaeology” on 8–9 December, 2014.

This workshop aims at discussing the development of metallurgy through the ages, techniques and investigations involved in archaeometallurgy to interpret the past technology with the help of experts and scholars who are either archaeologists or scientists working in archaeology or allied disciplines.

Key Speakers

Prof. S. Ranganathan
Prof. Sharada Srinivasan
Prof. Jeevan Kharakwal
Prof. Kallol Mondal

Prof. Vibha Tripathi
Prof. Ashish Garg
Prof. R.K. Dube

Interested archaeologists from Archaeological Survey of India and students from Universities are welcome to register for the workshop. Shortlisting will be done after screening the applications and a maximum of 20 participants will be allowed.

Travel expenses (III AC train up to Rs. 3,000/-) will be provided for the student participants from universities and accommodation as per availability only. The Registration Fee for students and faculty from Universities is Rs. 500/- and Rs. 1000/- respectively. There is no Registration fee for ASI Participants

Last date for registration: 25 October, 2014

The Registration can be done at <http://www.iitgn.ac.in/academics/archaeology/workshop2014/>
